

**SERMON SOUP**  
*A Chance to Savor the Experience*

Today I want to introduce a new item on the menu of Faith United Methodist Church; Sermon Soup. The way this works is, if you have any questions or comments you would like to share with your church family about a sermon or lesson you have heard here, you write them down on this insert and turn it in. I will then write up some kind of response and publish them both in the next edition, within a week or two whenever possible. You can then respond to my response if you like, or go on to some other subject. Either way, it gives us a chance to communicate with and understand each other better. I invite you to participate in this conversation; like any good soup, the more you put into it, the more everyone gets out of it!

**Soup Starter:**

This will be the place where your comments and questions will appear. Feel free to ask or comment on any sermon or lesson you have heard, or to ask pretty much anything you want.

---

**Simmer & Serve:**

I will print my response here, trying to make it as succinct as possible, always a tough assignment for a preacher! If I don't know how to respond, I will do my best to find someone who does!

You are then invited to respond to my response, thus making a two-way conversation. Or you can start another conversation around another topic. The flavor of this soup is up to you!

*Note: this is a public forum for the entire congregation. If you have private concerns, please feel free to bring them to me personally.*
